### PROPRIETÀ AUTOPULENTE, FACILE MANUTENZIONE

Il risultato di questi speciali benefici tecnici avviene anche grazie ad un particolare trattamento idrofugo applicato allo smalto. Alchemy ha un effetto sorprendente sulla superficie, permettendo all'acqua e alle gocce di scivolare più agevolmente, evitandone l'accumulo e il ristagno (effetto loto).

### SELF-CLEANING PROPERTIES, EASY CARE

The results of these specific technical benefits are thanks in part to a special water-repellent treatment applied to the glaze. Alchemy has a surprising effect on the surface, enabling water and droplets to slip off it more easily, preventing them from building up or stagnating (lotus effect).

### SELBSTREINIGUNG, REINIGUNGSFREUNDLICHKEIT

Diese speziellen technischen Vorzüge werden auch dank einer besonderen Veredelung der Glasur zur Geltung, die der Oberfläche wasserabstoßende Eigenschaften verleiht. Alchemy hat eine verblüffende Wirkung auf die Oberfläche. Das Wasser und die Tropfen können leichter abperlen, wodurch eine ständige Benetzung verhindert wird (Lotuseffekt).

### QUALITÉS AUTONETTOYANTES, ENTRETIEN FACILE

Ces avantages techniques particuliers se basent sur le traitement d'étanchéité appliqué à l'émail. Alchemy laisse sur la surface un effet surprenant. L'eau et les gouttes glissent plus facilement, évitant ainsi les accumulations et les stagnations (effet lotus).

### PROPIEDADES AUTOLIMPIADORAS, FÁCIL MANTENIMIENTO

El resultado de estas ventajas técnicas se logra asimismo gracias al tratamiento impermeable especial que se le da al esmalte. Alchemy tiene un efecto sorprendente sobre la superficie, permite que el agua y las gotas resbalen más fácilmente, evitando que se acumulen y se estancuen (efecto loto).

### САМООЧИЩАЕМОСТЬ, ЛЕГКИЙ УХОД

Эти технические преимущества обеспечены также специальным водоотталкивающим покрытием, которое наносится на глазурь. Alchemy образует удивительный эффект на поверхности: эта обработка обеспечивает более легкое стекание воды и капель, не допуская их скопления и застоя (эффект лотоса).

DIAMO UN TAGLIO AL PASSATO  
LET'S TAKE A BREAK WITH THE PAST

A new more compact discharge system makes the sanitaryware more streamlined and allows hiding the discharge. The brand-new shape alludes to the fact that something has changed compared to the past. The concept of Next comes from the need to convey a unique technical innovation through design which celebrates the aesthetic nature of ceramic. Next, an aesthetic celebration of ceramic expressed in a meeting of surprising curves. The fairing is complete and hides everything in its interior, **the siphon disappears and becomes invisible.**

Ein kompakteres neues Spülsystem, dank dessen die sanitäre Anlage schlanker wird und der Abfluss verborgen bleibt. Die Form wurde deutlich abgeändert, als wollte man einen Teil abschneiden, damit man erahnen kann, dass es im Vergleich zur Vergangenheit eine Änderung gegeben hat. Das Konzept von Next entspringt dem Bedürfnis, anhand des Designs über eine in ihrer Art einzigartige technische Innovation zu berichten, die das ästhetische Ergebnis der Keramik optimal zur Geltung bringt. Next, die ästhetische Verherrlichung der Keramik, die sich in Form der Überkreuzung erstaunlicher Kurven offenbart. Die komplette Verkleidung verbirgt alles in ihrem Inneren, **der Siphon verschwindet und ist nicht mehr zu sehen.**

Un nouveau système d'évacuation plus compact qui permet aux sanitaires d'être plus élancés et de dissimuler ledit système. L'intervention a eu lieu sur la forme de manière nette, comme pour en supprimer une partie et laisser présager qu'une modification a été faite par rapport au passé. Le concept de Next naît de l'exigence de raconter, à travers le design, une innovation technique unique en son genre, qui exalte au maximum le résultat esthétique de la céramique. Next, l'exaltation esthétique de la céramique se manifeste en un entrelacement surprenant de courbes. Le carénage est complet et cache tout en son intérieur ; **le siphon disparaît et devient invisible.**

Un nuevo sistema de descarga más compacto que le permite al inodoro ser más fino al esconder la descarga. Se ha intervenido directamente en la forma al cortar una parte como para mostrar que ha habido un cambio con respecto al pasado. El concepto de Next nace de la necesidad de querer expresar a través del diseño una innovación técnica exclusiva que exalta al máximo el resultado estético de la cerámica. Next, la exaltación de la cerámica que se manifiesta en un cruce de curvas sorprendentes. La carenadura es completa y lo esconde todo en su interior; **el sifón desaparece volviéndose invisible.**

Новая более компактная система смыва делает конструкцию унитаза менее громоздкой и позволяет спрятать слив. Форма как бы говорит о том, что у нее хотели отнять часть ее, и что с ней в прошлом что-то произошло. Концепция модели Next рождена желанием рассказать посредством дизайна об уникальном в своем роде техническом новшестве, позволившем максимально подчеркнуть эстетический результат керамики. В модели Next эстетика керамики проявляется в удивительном сочетании изогнутых линий. Обтекаемый корпус полностью все скрывает, **и сливной сифон становится невидимым.**

Un nuovo sistema di scarico più compatto, che permette al sanitario di essere più slanciato e nascondere lo scarico. Si è agito sulla forma in maniera netta, come a volerne tagliare una parte per far intuire che rispetto al passato è accaduto qualcosa. Il concept di Next, nasce dall'esigenza di raccontare, attraverso il design, un'innovazione tecnica unica nel suo genere, che esalta al massimo il risultato estetico della ceramica. # LE FIABE

IMMERGERSI IN UN LUOGO MAGICO CHE LASCIA SPAZIO ALL'IMMAGINAZIONE  
LOSE YOURSELF IN A MAGICAL WORLD THAT LEAVES ROOM FOR IMAGINATION

A 360° project idea lies at the base of Hatria research, which is evolving all the time to offer new solutions that are both beautiful and functional: design builds the shape around systems conceived to improve product quality and performance. **PURE FIX®**, the new concealed fixing element for back-to-wall WCs and bidets, presented in the latest Hatria collection, “Le Fiabe”, is an innovative solution that offers a perfectly attractive, clean solution for back-to-wall bathroom fittings, because there are no visible fixing elements. In combination with the **SHIFTED WC** and the **BIDET OPEN** at the back, it is ideal for renovations, to adapt existing fittings.

Eine Projektidee, die alle Aspekte einbezieht, bildet die Grundlage für die Forschung von Hatria, die sich ständig weiterentwickelt, um neue Lösungen unter Kombination der Ästhetik und der Zweckmäßigkeit zu bieten. Das Design stellt die Form rund um Systeme dar, die die Qualität und die Leistungen des Produkts verbessern. **PURE FIX®**, die neue verborgene Befestigung für an die Wand anliegende Stand-Klosettbecken und -Bidets der neuen Kollektion „Le Fiabe“ von Hatria, ist die Innovation, dank der endlich auch die auf dem Boden stehenden sanitären Anlagen ein perfektes, sauberes ästhetisches Ergebnis ohne sichtbare Befestigungen bieten können. In Kombination mit dem **KLOSETTBECKEN MIT VERSETZTEM ABFLUSS** und dem hinten **OFFENEN BIDET** ist es ideal, um im Zuge von Renovierungen an bestehende Anlagen angepasst zu werden.

Une idée de projet à 360° est à la base de la recherche Hatria qui ne cesse d’évoluer pour pouvoir proposer de nouvelles solutions alliant esthétique et fonctionnalité. Le design construit la forme autour de systèmes qui concourent à améliorer la qualité et les performances du produit. **PURE FIX®**, le nouveau système de fixation de sol invisible pour cuvettes de WC et bidets au ras du mur fait partie de la dernière collection d’Hatria « Le Fiabe ». C’est l’innovation qui permet finalement d’avoir des sanitaires au sol avec un résultat esthétiquement parfait et propre, puisqu’aucun système de fixation n’est visible. Combiné avec la **CUVETTE DÉCALÉE** et le **BIDET OUVERT** dos au mur, il est l’idéal dans les rénovations pour adapter les installations déjà existantes.

La investigación de Hatria, que parte de una idea de proyecto 360°, evoluciona constantemente para ofrecer nuevas soluciones que combinen estética y eficiencia; el diseño crea la forma en torno a sistemas que mejoran la calidad y el rendimiento del producto. **PURE FIX®**, la nueva fijación invisible para inodoros y bidés de tierra y contra la pared, presente en la última colección de Hatria “Le Fiabe”, es la innovación que permite que sanitarios de tierra también dispongan finalmente de un resultado estéticamente perfecto y limpio sin fijaciones visibles. Junto con el **INODORO VARIABLE** y el **BIDÉ ABIERTO** en su parte posterior, es ideal en reestructuraciones para adaptar instalaciones ya existentes.

Идея проекта на 360° лежит в основе научно-исследовательской работы компании Hatria, которая постоянно развивается, чтобы предложить новые решения, объединив эстетику и функциональность: дизайн создает форму систем, которые улучшают качество и достоинства продукта. **PURE FIX®** – это новая скрытая система монтажа приставных биде и унитазов, представленная в новой коллекции “Le Fiabe” компании Hatria. Являясь инновационной, она позволяет, наконец-то, идеально и чисто устанавливать напольную сантехнику без каких-либо видимых крепежных устройств. Сочетание **УНИТАЗА С ПЕРЕНОСНЫМ ВЫПУСКОМ** и **ОТКРЫТОГО** в задней части **БИДЕ** будет идеальным для проведения ремонтных работ с целью установки их в уже существующую систему.

Un’idea di progetto a 360° è alla base della ricerca Hatria, che continuamente si evolve per offrire nuove soluzioni coniugando estetica e funzionalità: il design costruisce la forma intorno a sistemi che migliorano la qualità e le performances del prodotto. **PURE FIX®**, il nuovo fissaggio nascosto per vasi e bidet terra filo muro, presente nell’ultima collezione Hatria Le Fiabe, è l’innovazione che permette di avere finalmente anche per i sanitari terra un risultato esteticamente perfetto e pulito, in quanto privi di alcun fissaggio visibile. In combinazione con il **VASO TRASLATO** e il **BIDET APERTO** nella parte posteriore, ideali nelle ristrutturazioni per adattare impianti esistenti.

SCULTURE

Strongly plastic elements appear alongside curved lines in a subtle equilibrium, creating a unique atmosphere midway between the material and the aerial.

Elemente starker Plastizität werden von geschwungenen Linien in subtiler Balance begleitet, die in einer bestimmten Momente eine Atmosphäre im Leben geben und zwischen dem Material und der Ebene schwingen.

Des éléments très plastiques et des lignes courbes en un mince équilibre créent une atmosphère spéciale qui oscille entre la matière et l'aérien.

Los elementos intensamente plásticos se unen a los trazos curvos formando un delicado equilibrio que da vida a un ambiente especial que oscila entre lo material y lo etéreo.

Чрезвычайно пластичные элементы сочетаются с закругленными линиями в тонком равновесии, вдыхая жизнь в особенную атмосферу, колеблющуюся между материальным и воздушным.
